

# Permanent No stopping zone on Floss Street

## Hurlstone Park Station

September 2026

Transport for NSW acknowledges the Darug people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport is proposing to make the temporary No stopping zone on Floss Street permanent to support safe, reliable and efficient bus movements around Hurlstone Park Station.

### Permanent No stopping zone

The temporary 8 metre No stopping zone on the corner of Floss Street, south of the station, was introduced in September 2024 to support Southwest Link bus services during the Metro conversion period.

The No stopping zone provides a clear line of sight around the Floss Street bend, making it safer for motorists and buses travelling in both directions along Floss Street.

### What will this mean for you?

The No stopping zone will be made permanent as part of bus operations planning when Southwest Metro opens.

The No stopping zone is already in place, so you will not notice any changes when it becomes permanent.

### No stopping' rules

A 'No stopping' sign means you must not stop at any point on the road or kerb in the direction of the arrow, unless in an emergency.

Further information about parking rules can be found at:

<https://www.nsw.gov.au/driving-boating-and-transport/roads-safety-and-rules/parking/parking-rules>

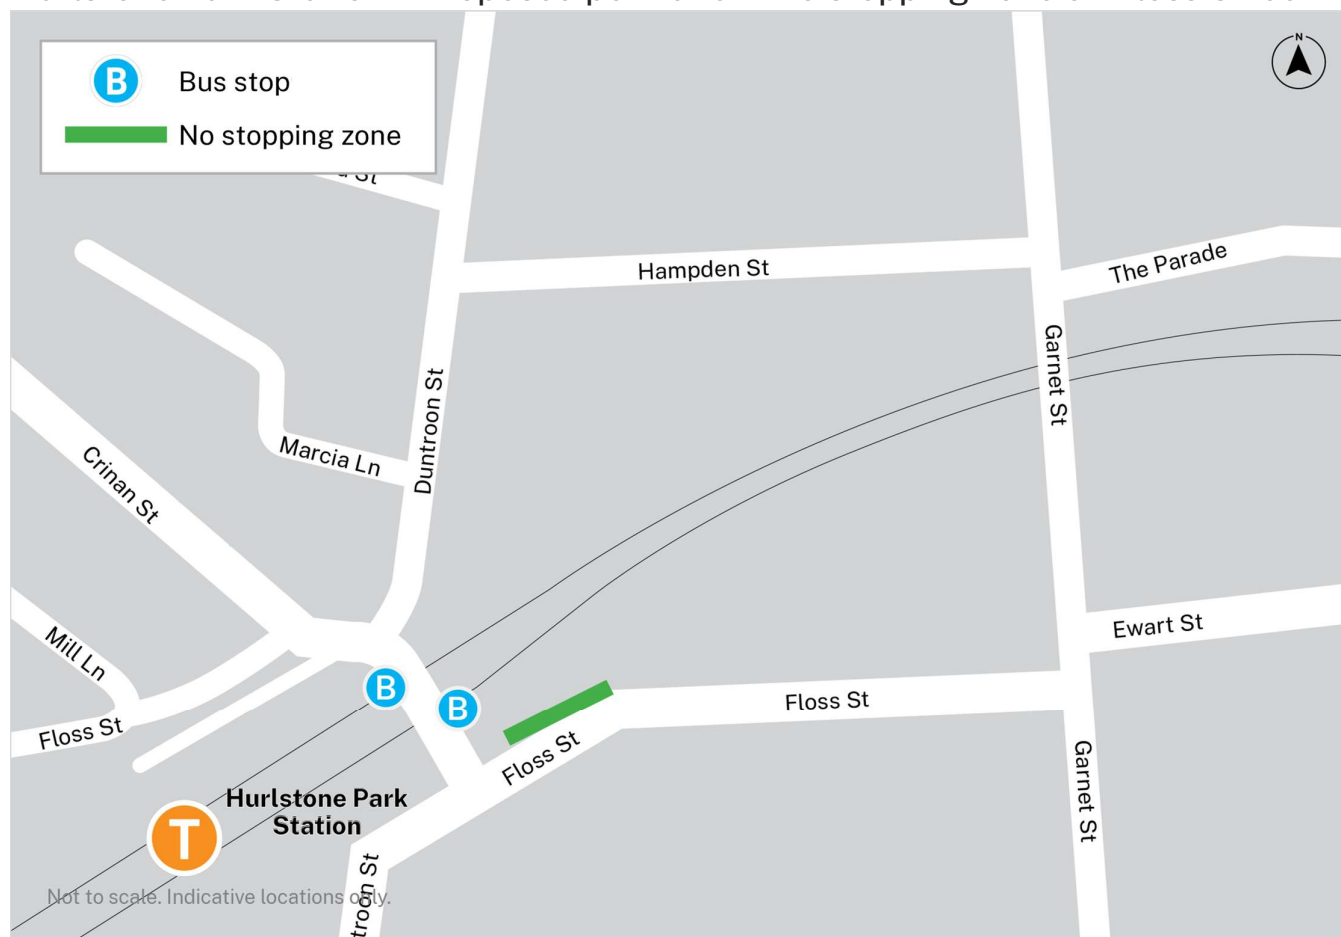

### Feedback and more information

If you have feedback about the No stopping zone or would like more information, please get in touch with the project team by **Thursday 1 October 2026** using the contact details over the page.
