Transport for NSW

Bus service changes in Western Sydney from November 2026

Fact sheet

November 2026

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

From Sunday 22 November 2026, Transport for NSW (Transport) will introduce changes to some bus services in Western Sydney.

Why are these changes happening?

The NSW Government is investing in and improving bus services across greater Sydney, outer metropolitan and regional NSW to better connect communities with jobs, education, health services and major transport hubs.

From 22 November, we are making a number of bus service changes across Western Sydney to improve access to major employment and recreational precincts, strengthen rail and metro connections, and expand services to growing communities.

The service changes are addressing the rise in demand for more bus services across Sydney and regional NSW, with a focus on increasing the number of services and accelerating the rollout of new buses on roads across NSW.

What are the changes?

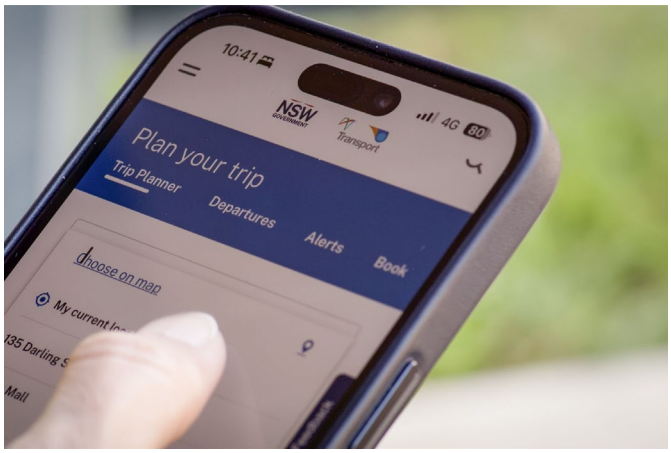

Key changes include:

- Longer operating hours and improved off-peak and weekend services on routes **723**, **724**, **728**, **729** and **738** around Blacktown, Mount Druitt, Doonside, Rooty Hill, Eastern Creek, Kemps Creek, Minchinbury, Bungarribee, Arndell Park and Huntingwood. These changes will improve connections to rail stations, shopping centres, recreational destinations and industrial precincts.
- **New bus route 725 Blacktown to Eastern Creek via Walters Road** will improve access to employment, popular recreational destinations and education, including the Australian Catholic University, the new industrial precinct on Battalion Glade in Eastern Creek, Sydney Action Park (during its opening season), Sydney Motorsport Park, Westpoint Blacktown and Blacktown Station.
- **New bus route 737 Mount Druitt to Eastern Creek via Rooty Hill** will provide improved access to Mount Druitt Hospital and other allied health facilities along Railway Street in Mount Druitt. This will also improve connections to Rooty Hill and Mount Druitt stations, the newly expanded Eastern Creek DFO, Mount Druitt Westfield and industrial precincts along Wallgrove Road, Wonderland Drive and Honeycomb Drive in Eastern Creek.
- **Changes to routes 723, 724, 726, 728 and 729** in the Arndell Park, Eastern Creek, Rooty Hill and Doonside areas will improve connections to rail stations and retail facilities and provide regular services seven days a week. As part of these changes, **Route 726 Blacktown to Doonside via Monash Road** will be withdrawn. Passengers who use this service may be able to use nearby routes including **724 Doonside to Blacktown via Arndell Park and Walters Road** or **728 Doonside to Blacktown via Bungarribee**.

- Additional peak hour services on routes **740, 742, 747 and 748** will connect growing residential communities in Schofields, Marsden Park, Gables, Melonba, Box Hill and Riverstone with Tallawong and Rouse Hill metro stations, improving capacity and reducing overcrowding.
- Route **S11 St Marys to St Clair** will be withdrawn. Passengers who use this service may be able to use route **835 St Marys to Prairiewood** or **772 WSI to Mount Druitt** to access Bennett Road or **774 Mount Druitt to Penrith via St Marys** for travel to Adelaide Street, Oxley Park.
- More than **20 new bus stops** and additional services will support access to major employers at local industrial estates in Eastern Creek.

Will school services change?

Yes, some school bus routes and timetables will change to better match student travel patterns. Where services are withdrawn, alternative bus services will continue to be available. Students may need to use a different service. Bus Operators will communicate these changes directly to schools.

Summary of all bus changes in Western Sydney from 22 November 2026:

Type of change	Route
Timetable change	721, 722, 740, 742, 747, 748, 779, 795
