School bus service changes in the Singleton area from 7 December 2026

Fact sheet for Mount Pleasant Public School

November 2026

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

From **Monday 7 December 2026**, there are changes to regular and school buses around Singleton and nearby areas.

These changes are being made to improve service reliability, expand routes into new and growing areas in East Branxton, Huntlee and North Rothbury, improve alignment between school start and finish times and bus timetables, and provide a simpler school bus network that is easier for families to understand.

School services are changing

Your trip will be different because of these changes.

Most school bus routes will be replaced with new ones, and every school bus route will have a new timetable.

A small number of students will now need to interchange between school bus routes.

Where services are withdrawn, alternative bus services will be available. Students may need to use a different service.

Plan your trip

The key changes for your school are included below. However, there may be changes to other services you use that are not listed, ensure you check Trip Planner to plan your whole journey.

Families and students are encouraged to use Trip Planner at **transportnsw.info** to plan their journeys ahead of the 7 December commencement.
